

## Spectra Precision Dozer Control System

Laser blade control is used on construction grading machinery to automatically control the blade in earthmoving and grading applications. It is also used on agricultural land leveling and farm drainage machinery. A Spectra Precision laser receiver is mounted above the cutting edge of the blade. A control box and a hydraulic installation kit are tied into the machine's hydraulic system. Grade information from a rotating laser is processed and automatically directs the machine's hydraulics to maintain the elevation of the blade.

Spectra Precision Blade Control can be used on most fine grading equipment including dozers, box blades, drag scrapers, and carry-all type scrapers as well as trenchers and drainage pipes.

- Productive: keeps you moving while letting you get to grade in less passes
- Automatic to manual control with a flick of a switch

Starting from \$8,950

## LL200-4 Construction Laser Level Package

300 m (1,000 ft) working diameter  
Horizontal accuracy +/- .3/32 in.  
@ 100 ft.  
Includes: 60-ALQR120 heavy-duty tripod and 06-805MC

\$895

Includes tripod & rod

- Applications**
- General construction
  - Excavating, grading
  - Forms, footings
  - Concrete finishing

## HV301-2 Interior/Exterior Laser Level Package

3 mW nominal beam strength,  
±1/8 in at 100 ft laser accuracy.  
Horizontal / Vertical, High Power  
Visible Automatic Self-Leveling  
Laser.  
Great for the General Contractor  
Includes: Wall mount, target, remote control, chargeable batteries, charger, HR150 receiver, C61 clamp, 60-ALQR120 tripod and 06-805MC rod

\$1,395

Includes tripod & rod

## DG511-6 Pipe Laser Package - FREE AL224 Auto Level with purchase

Provides grade, elevation & line for the installation of gravity flow pipes.

Built tough for long-lasting performance and reliability, the DG511 pipe laser is completely waterproof and designed to ensure easy cleanup. They are also easy to assemble with a full range of setup accessories available, and easy to use with straightforward, "no-instructions-required" controls. They even keep track of their own maintenance needs, notifying you at regular intervals (you decide how often) when it's time for a checkup. The DG511 pipe laser is simply the toughest, smartest tool you'll ever own!

\$4,995

**Applications**

Grading & highway contractors, Underground & utility contractors, Commercial developers, Excavating contractors, Installation of gravity flow sewer & other pipelines

Includes: Pipelaser, remote control, large and small targets, target holder, chargeable battery, battery charger, small trivet plate, large trivet plate, pole, and handle. **Free AL224 Auto Level.**

Includes AL224 Auto Level Value of \$350

Please allow 3-4 weeks for delivery on AL224 Auto Level.

## Battlefield Laser & GPS Service Repair Centre

Located at Battlefield Equipment's Brampton location, this Factory Authorized Service Facility is ready to handle all your laser & GPS service needs using service technicians that have unmatched qualifications and experience. With a complete inventory of parts from industry manufacturers, we can offer complete repair and service on any make and model of construction lasers, levels, total stations, theodolites, total stations, Trimble GPS systems, and much more.

Simply bring your equipment to any Battlefield Equipment location and we will have your laser properly serviced and quickly returned to you at the lowest prices in the industry.

## Equipment Rentals for Snow Removal

**Cat Skid Steer Loaders & Cat Multi Terrain Loaders**  
Standard, Vertical-Lift & High-Flow models available  
Various snow clearing attachments available for these units

Cat 904's, 906's, 908's, IT28's & 930G's available for rent  
Various snow clearing attachments available for these units

**Cat Backhoe Loaders**  
Cat 416's 420's & 430C's available for rent  
Various snow clearing attachments available for these units

### Bottled & Bulk Propane Sales

When the cold weather is in full swing, Battlefield Equipment is ready to provide you with the products you need to keep your job running. Construction heaters and torches, bottled and bulk propane, tarps, concrete curing blankets and more.

Propane is available for sale in 100lb cylinders for construction, or you can purchase bulk supplies of propane to meet your jobsite requirements at many of our Battlefield locations. Please ask your Sales Representative for a list of Battlefield Equipment locations that contain a bulk fueling station.

Complete R.O.T. Training & Certification (In-house or on-site)

### R.O.T. Training Programs

Ontario Regulations require that all individuals installing, activating, or operating a gas-fired construction heater complete a "Record of Training" (ROT) certification. Separate certification is needed for Propane and Natural Gas. This certificate must be on hand when the work is performed and presented when the rental companies leave construction heaters at the site.

This ROT course for builders, employees and contractors is available through scheduled classes or on-site training sessions.

Please note that ROT certification is only valid for a 3-year period. After 3 years, you must be re-certified. Only residential gas meters having between 1 and 1-1/2 inch motor outlet and a single pressure regulator are permitted to be turned on by a ROT trained individual or non-utility gas technician.

### Concrete Curing Blankets Bubble & Foam Blankets

Available in bubble or foam style. Used to compliment the concrete curing process in cold weather conditions by trapping heat from poured concrete to aid in curing. Available in various sizes to meet all of your jobsite requirements.

### Construction Tarps

Construction strength clear coated tarps are used to close in a jobsite area. Grommets and tie-downs are used to secure tarps on the job to reduce cold air flow or debris from escaping. Available in various sizes to meet all of your jobsite requirements.

## STIHL® Products

### STIHL® MS 170 15" Chain Saw

Powerful 1.8 hp engine with dual piston rings  
QuickStop® inertia activated chain brake for enhanced safety  
Rugged and lightweight - just 8.6 lb

**\$279<sup>95</sup>**

Including Wood-Pro Kit\*

### Free STIHL® Wood-Pro Kit™\*

With the purchase of Stihl MS 170  
Woodsmen Carrying Case  
Replacement Chain Loop  
Chainsaw Operation &  
Maintenance DVD  
STIHL Hat

**\$85 value**

### STIHL® BG 55 Blower\*

Displacement 27.2 cm<sup>3</sup>, 95 HP,  
4.1 kg, 220+ km/h velocity  
Optional accessories include a vacuum  
attachment and a roof gutter cleaning kit.

**\$179<sup>95</sup>**

\* This offer is available at Battlefield Equipment  
locations which are full line STIHL® Dealerships.

## Pressure Washers & Supplies

### 2800 PSI Pressure Washer BE Pressure Supply

PE-2760HWCOMB  
6.0 HP Honda GC190 Gas Engine  
Steel frame, Comet BXD Pump  
2.5 GPM, 80 lbs, 25 ft. hose, 4 nozzles  
Gun / lance chemical injector

**\$579<sup>00</sup>**

Battlefield carries a full line of Pressure Washers, Electric, Gas & Diesel Pumps.  
Please contact your nearest Battlefield location for more product information and pricing.

### Electric Pressure Washers

Industrial motors 1.5 - 10 HP  
and up to 3,000 PSI

### Hot Water Pressure Washers

Available skid or tire  
mounted in various sizes

### Gas Pressure Washers

Stainless steel frames and up  
to 5,000 PSI also available

### Accessories

Various high pressure  
hoses, wands and nozzles  
are available

## Safety Products & Supplies

### Propane Gloves

6786R - Neoprene, 12" long  
A multi-dipped glove on a five piece flannel  
liner, for added protection against caustics,  
oils, grease and solvents. Sanitized.  
Rough finish for better grip.

**\$9<sup>95</sup>**

### Long Sleeve Safety Shirt

TV-TLS - **Introductory Special**  
Available sizes: M - 4XL,  
Hi-Viz International Orange  
Yellow stripes on front, X on back  
Silver arm striping  
100% preshrunk cotton

**\$16<sup>95</sup>**

### Traffic Cone

TC-S1B  
Traffic cone is made of a UV resistant  
compound which resists fading.  
Durable non-porous surface which is  
resistant to dirt and grease.  
7lb base with high reflective tape.

**\$18<sup>50</sup>**

### 3 Piece Rain Suit

R20TPVC3  
MTO approved  
35 mil high visibility orange with  
reflective striping on wrists, ankles,  
chest and back

**\$14<sup>95</sup>**

## Construction Heaters & Supplies

### 100,000 BTU/HR Radiant Heaters

FRHR-100N, FRHR-100PQD  
N.G. and L.P. models available  
Thermostatically controlled  
Filterless design  
Heavy duty frame under 50 lbs.  
Recessed controls to eliminate damage  
Stackable for easy storage and transport

**\$449<sup>00</sup>**

### Propane Torch Kit

FT15-250, 15ft. hose and regulator  
- (90,000 - 300,000 BTU's)  
Pre-assembled torch, hose and regulator  
Heavy duty design & construction  
Adjustable heat to suit many applications

**\$119<sup>00</sup>**

### 150,000 BTU/HR Direct Fired Propane Heater

F-150, LP  
Engineered for simple operation &  
minimal servicing  
Stackable, light and highly portable  
Hose & regulator included

**\$295<sup>00</sup>**

### 395,000 BTU/HR Indirect Fired Heater

FVO-400  
Indirect fired - heat exchanger allows  
external exhaust of combustion products  
Thermostatically controlled  
Available in oil, N.G. or L.P. models  
Oil fueled model is \$3,795<sup>00</sup>

**\$3,895<sup>00</sup>** N.G. & L.P.
